

### **Andrew's introduction to the art of Janet Baker**

There are 3 files to use, 2 documents and 1 video. Watch the video until I ask you to listen to an extract of music. At this point pause the video, then use the links in this document to listen to the music on YouTube, or find the same pieces and performances in one of the streaming services, my favourite being Qobuz. Use the other document file to follow the words Janet Baker is singing. At the end of the piece of music, return to the video and unpauses/play to see the introduction to the next piece of music, and so on. Enjoy!
